5. (Internal Use Only - JGO) Mr. Gary Sukow, Assistant to Congressman Albert H. Quie (R., Minn.), called and indicated that Mr. Oleg K. Scholev of the Soviet Embassy had addressed a group at the Lutheran College at Decorah, Minnesota, and that some of their boys had met with him and kept in touch since that time. Three of them are now to visit Washington and will be invited to dinner and other meetings with Mr. Scholev while they are in Washington. I advised Mr. Sukow that this was a matter within the province of the FBI. He thanked me for the advice and indicated that he would call the Bureau.

6. (Internal Use Only - JGO) Mr. Rothenberg, State Department LHR, 182-6477, called and advised that no one had contacted him on Friday concerning the letter from Chairman Willie, HCUA, on Soviet espionage training camps. After checking the division, I advised Mr. Rothenberg that [redacted] who was to call him, was away Friday and today and would call in the morning.

7. (Internal Use Only - JGO) Mr. George Murphy, JCAB, called and advised that the transcript that they were preparing for the Agency would be ready during the day if we called to pick it up. I advised that we would have a courier come by early in the afternoon.

8. (Internal Use Only - JGO) Mrs. Jean M. Allen, Executive Secretary to Senator James O. Eastland (D., Miss.), advised that it is not certain what day the Senator will be returning to the city, but that if I would call on Wednesday possibly we could firm up an appointment at that time for Mr. Warner and Mr. Kirkpatrick to see the Senator on the question the Senator had raised concerning Cuba.

9. (Unclassified - JGO) In response to her request of Friday afternoon, I called and advised Mrs. Gwen Lewis, Executive Secretary to Senator Len B. Jordan (R., Idaho), that [redacted] had been given a reject letter on 22 January 1964. She had since written in and requested that her application be kept on active file. Our response to that letter is in preparation and we will forward a copy to the Senator for his information. Mrs. Lewis thanked me very much and indicated that their office's review of this girl's qualifications indicated some rather unique capabilities that might well be useful to this Agency.
